

WEST VIRGINIA

Key Findings

Benefits paid by Social Security support a significant amount of economic activity in the state of West Virginia.

Social Security benefits received by retirees and other beneficiaries are spent in the local community. This spending ripples through the economy, as one person's spending becomes another person's income, creating a multiplier effect.

In 2023, expenditures stemming from Social Security supported...

52,921 jobs that paid \$2.7 billion in wages and salaries

\$8.9 billion in total economic output

\$1.3 billion in federal, state, and local tax revenues

... in the state of West Virginia.

Each dollar paid out in Social Security benefits nationally supported \$2 in total economic activity in states like West Virginia.

Overview

Social Security benefits provide crucial income to older adults, survivors, children, and Americans with disabilities. Expenditures made by Social Security beneficiaries also provide a steady economic stimulus to West Virginia communities and the state economy. In 2023, 476,583 residents of West Virginia received a total of \$9.5 billion in Social Security benefits.

The median Social Security retirement benefit received in West Virginia was \$1,807 per month. The median Social Security disability benefit received was \$1,385 per month. These modest benefits provide retirees, surviving spouses, children, and Americans with disabilities income to meet basic needs.

West Virginia	Total OASDI Beneficiaries	Total Retirement Beneficiaries	Total Survivor Beneficiaries	Total Disability Beneficiaries
Number of Beneficiaries	476,583	336,160	55,860	84,563
Total Benefit Payments	\$9.5 billion	\$6.6 billion	\$1.5 billion	\$1.5 billion
Median Monthly Benefit Amount		\$1,807		\$1,385

Median benefit amounts for some beneficiaries are based upon data provided by the Social Security Administration (SSA). No such data is provided for other categories of beneficiaries.

Social Security Benefit Multiplier

Nationally, each \$1 in Social Security benefits paid ultimately supported \$2 in total economic output. This “multiplier” incorporates multiple rounds of impacts of beneficiary spending, as each purchase ripples through the economy of states like West Virginia. Each dollar of benefits spent supports a greater amount of economic activity because that dollar contributes to the earnings of employees at local businesses who then spend their earnings at other businesses, which broadens the impact of the first dollar spent.

Impact on Jobs and Incomes

Expenditures stemming from Social Security benefits supported 52,921 jobs in the state. The total income to state residents supported by Social Security expenditures was \$2.7 billion.

To put these employment impacts in perspective, in 2023 West Virginia's unemployment rate was 3.9%. The fact that Social Security benefit expenditures supported 52,921 jobs is significant, as it represents 7.5 percentage points in West Virginia's labor force.
